GreenRoots is a resident-led, grassroots, community-based organization with a track record spanning almost 30 years of achieving significant environmental justice accomplishments and public health victories in Chelsea, East Boston, and the Greater Boston region.

Our mission is to achieve environmental justice and greater quality of life through collective action, unity, education, and youth leadership across neighborhoods and communities.

Our vision is for our communities to thrive as ethnically, racially, culturally, and economically diverse communities whose residents have access to open spaces, parks, and the waterfront and who live in a healthy and safe environment, reversing years of environmental degradation.

GreenRoots evolved from the Chelsea Green Space Committee at the Chelsea Collaborative. Ever since our inception, we have been committed to organizing and protecting our community. Throughout the years, our work in action has looked like restoring acres of urban salt marsh, creating new parks, increasing public access to the waterfront, improving the water quality of Chelsea Creek, and much more.

Who we are:
We are a team of community members, organizers, youth workers, environmental justice activists, and community members who are committed to organizing & protecting our community. When we fight, we win! Sí Se Puede!

To meet our team visit: Team — GreenRoots, Inc. (greenrootschelsea.org)

Our values:
JUSTICE. In the ways we exist and do our work. We believe in environmental, racial, and language justice.

COLLABORATION. In all we do, we collaborate. Everything with community, for community.

LIVED EXPERIENCES. We uphold the life experience of our residents and this informs our way of being. We center justice and equity in all of our work.

ACCESSIBILITY. We work to ensure our spaces are accessible from physical spaces to language access.

TRUST. We trust in our team and the communities we engage. We understand that the systems in which we exist do not always have our community’s best interest in mind.
THE OPPORTUNITY:

The Director of Development is an important member of the GreenRoots Leadership Team. You will be responsible for developing and implementing a strong fundraising strategy in order to raise, diversify, and expand GreenRoots' $5 million budget. You will collaborate closely with the Executive Director and you will also supervise and support the Development Team, which includes the Development Coordinator, Donor Relations Specialist, and Grant Writer.

As the Director of Development, You Will: serve as a thought partner and doer along with the rest of the leadership team. You will lead and develop our fundraising strategy and grant writing efforts. You will cultivate and grow our donor base. Working and supporting your development team, you will envision, create, and implement data management systems for GreenRoots.

SALARY STARTING AT $90,000
